

*** Vehicle Permit Stickers ***

Who Needs Permit Stickers?

Every vehicle used to bring materials to the District facility is required to display a permit sticker.

How Much Do Stickers Cost?

There is no charge for permit stickers.

Where Can I get Permit Stickers?

If your vehicle is registered in one of the four towns, you may get your sticker at the District Facility. If your vehicle is not registered in one of the four towns you will need to go to your local town office for your sticker.

*** Did You Know ***

- The District provides free disposal services to all the public schools in the four towns - that's right, your school don't have to pay for garbage disposal.
- The District has screened (yard waste) compost for sale. Check our competitive pricing.
- The District has advertising space available in the drive through portion of the building. An average of 1,500 cars per week provides great exposure to the residents of the four towns.
- The District is open more hours and charges for less items than most other facilities in the state.

Effective 1/1/08

*** Why Recycle? ***

Separation of materials for recycling has been mandatory at the solid waste facility since 1990.

Each ton of waste that we send to a landfill costs the taxpayer approximately \$75.00 in disposal and transportation fees. Each ton of material we recycle saves this fee and also generates revenue back to the taxpayer, as shown below.

Tax Savings from Recycling

Year	Tons Recycled	Tax Offset
2002	1452.4	\$135,015.44
2003	1370.9	\$164,575.10
2004	1342.1	\$190,024.52
2005	1312.2	\$163,991.17
2006	^1656.4	\$277,736.81
2007	^1524.0	\$271,828.83

If you're a trivia buff, the 2006 tax savings, from recycling, paid the wages of all the full time staff working at the facility.

Tons Recycled

Item	2003	2004	2005	2006	2007
Cardboard	198.7	169.4	173.2	194.1	238.5
Newspaper	120.3	124.1	104.2	109.0	90.8
Mixed Paper	268.4	288.3	287.6	315.7	426.9
Alum. Cans	15.0	17.5	14.9	15.9	17.8
Tin Cans	33.5	27.8	43.1	43.2	21.63
Plastic	57.6	54.5	61.9	62.0	63.8
Auto Batteries	30.2	*	*	*	*
Scrap Metal	558.3	599.4	530.1	640.5	409.7
All Other	88.9	61.1	97.2	^276.0	215.0^
Totals	1,371	1,342	1,312	1,656	1,524

* Included in Scrap Metal for 2004 forward
 ^ Crushed glass weight included starting 2006

*** Burn Pile ***

Acceptable material consists of clean, unpainted, untreated, non-manufactured wood, less than 5" in diameter.

*** Other Items ***

Hypodermic Needles: Please put in a hard container (such as a coffee can, milk jug, detergent bottle) securely tape the top shut (duct tape works well) and hand to a staff member.

Batteries: Non-rechargeable A, AA, AAA, C & D size batteries are generally safe to put in the trash. Rechargeable & other batteries should be handed to a staff member. Questions? Ask the staff.

Fluorescent Bulbs: BCEP now recycles fluorescent bulbs. Please hand them to a staff member.

Mercury Containing Items: Give to a staff member. *It is illegal to dispose of them in the trash.* Thermometers, thermostats or any item you suspect.

Additional Trivia

The District has not increased the amount of taxes raised from the four towns since the 1999 Budget - nine years!

The annual property tax raised to operate the District facility for 2008 works out to \$36.43 per resident for the year.

If you have comments or suggestions regarding our efforts, please express them to the staff.

Earl H. Weir
 District Administrator

*** Separation Guidelines ***

Aluminum Cans

Aluminum Beverage Cans Only

Aluminum Foil

Aluminum Foil including pie plates, etc.

Automotive Wastes

Batteries/Oil/Antifreeze/Tires
